

INVITATION

Training and certification LEADERSHIP IN SUSTAINABILITY

We invite you to participate in »Leadership in Sustainability« training which will be performed in **Maribor, Slovenia, 22. -25. 6. 2015.**

For whom?

The training is for all, who want to upgrade the knowledge about SUSTAINABILITY and LEADERSHIP (**managers, experts, consultants, teachers, researchers, post-graduate students**).

The training will be held in **English language**.

Trainers:

Experts from France, Slovenia, Romania, Austria: dr. Andreas Riel, Gabriela Fistis, Msc., dr. Anca Draghici, Andrei Churican, dr. Tomislav Rozman.

The topics:

- Dimensions of Sustainability (environmental, economic and social).
- Standards and norms (e.g. ISO 14000, ISO 26000, ISO 45001, EMAS).
- Technical concepts: RECP¹ methodology, efficient water, energy, materials and waste management.
- Corporate social responsibility and stakeholder management.
- Lifecycle management, assessment and costing: from product design to reuse/remanufacturing/recycling), eco-design
- Sustainable innovations, management, leadership, communication

Exams and certification

There will be on-line exam available in Sept. 2015. After successful passing of the exam, the participants will acquire ECQA (European Certification and Qualification Association) certificate.

Registration

Please register here: <http://leadsus.bicero.com/trainings>. There is a limit of 20 seats. In case of greater number of registrations, a selection procedure will be performed. Access to on-line platform will be available for all registered participants.

Fees

The training is free of charge until Nov. 2015 (co-financed by EU: LEADSUS - Leadership in Sustainability project).

Location

Hotel Piramida, ulica heroja Šlandra 10, 2000 Maribor, Slovenia.

¹ Resource Efficient and Cleaner production
